Summarize your background and community involvement. What, if any, qualifications do you possess that might be an asset to HRCA?

I am a 42-year old married father of two. Born in New York and raised in London, England, I attended Northwestern University in Evanston, IL and worked in the advertising industry in Chicago prior to moving to Colorado in 2010. Community involvement is no passing interest of mine. In fact, I left a comfortable job in the private sector to attend graduate school at the University of Denver and pursue a career in public service. I worked for over ten years in various roles in the Department of Finance for the City and County of Denver, where I learned how to develop and to analyze budgets, how to evaluate spending proposals, how to interact with and partner with elected officials, the press, auditors, and the public, and how to ensure fiscally responsible service delivery. Although my time at the City ended, my current employer - Children's Hospital Colorado - remains one deeply supportive of the local community. There, I am the Sponsored Programs Manager, responsible for administering grant-funded projects that support patients, their families, health programs, and community initiatives that support the Hospital's broader 7-state region. As a District Delegate, I can offer my skills in financial analysis and evaluation of public programs. More importantly, I can offer a humble disposition and attitude guided by a heart to serve others.

Briefly state your reasons for wanting to be a District Delegate for the HRCA.

I love Highlands Ranch and I am grateful to live here. But too often I'm a consumer and beneficiary of what the community offers, and I now want to give back and contribute more than I'm taking. I'd like to intentionally serve my neighbors and the wider community by applying my intellect, my drive and my time. I also want to demonstrate to my young children that civic duty is not an abstract ideal but an action that must be taken. I reckon that message will resonate more if they see me applying that principle in real life.

Do you or anyone in your household use the HRCA facilities or participate in HRCA programs? If so, please elaborate.

My family occasionally visits the recreation centers for sporting or fitness reasons or simply to visit the pool. My children are past participants in HRCA programming, such as pee-wee soccer and summer camps.

Do you attend HRCA Events? If so, please explain your favorites and why.

I have attended a number of events: the Backcountry Half Marathon, the 4th of July Parade, the Beer Festival, Oktoberfest and the Hometown Holiday event. My favorite, however, is the 4th of July 5K, because it's a wonderful kick-off to a day of celebration.

What do you like most about living in Highlands Ranch?

The people here are upstanding, welcoming and admirable citizens. This is a great community comprised of great people. If I live here for the rest of my days, I'd consider that a resounding success, and would be happy to do so.
